

Chem 30B Fall 2003
Tentative Class Schedule

Week 0	F	Sep 26			Introduction/FG Overview
Week 1	M	Sep 29		Ch 9	Alcohols
	W	Oct 01		Ch 9	Alcohols
	F	Oct 03		Ch 9	Alcohols/Thiols
Week 2	M	Oct 06	Quiz 1	Ch 10	Alkynes
	W	Oct 08		Ch 10	Alkynes
	F	Oct 10		Ch 10	Alkynes
Week 3	M	Oct 13		Ch 11	Ethers
	W	Oct 15		Ch 11	Ethers
	F	Oct 17		Ch 15	Organometallics
Week 4	M	Oct 20	Midterm 1		
	W	Oct 22		Ch 15	Organometallics
	F	Oct 24		Ch 16	Aldehydes/Ketones I
Week 5	M	Oct 27		Ch 16	Aldehydes/Ketones I
	W	Oct 29		Ch 16	Aldehydes/Ketones I
	F	Oct 31		Ch 17	Carboxylic Acids I
Week 6	M	Nov 03	Quiz 2	Ch 17	Carboxylic Acids I
	W	Nov 05		Ch 17	Carboxylic Acids I
	F	Nov 07		Ch 18	Carboxylic Acids II
Week 7	M	Nov 10		Ch 18	Carboxylic Acids II
	W	Nov 12		Ch 18	Carboxylic Acids II
	F	Nov 14		Ch 19	Aldehydes/Ketones II
Week 8	M	Nov 17	Midterm 2		
	W	Nov 19		Ch 19	Aldehydes/Ketones II
	F	Nov 21		Ch 19	Aldehydes/Ketones II
Week 9	M	Nov 24		Ch 22	Amines
	W	Nov 26		Ch 22	Amines
	F	Nov 28	<i>Thanksgiving</i>		
Week 10	M	Dec 01	Quiz 3	Ch 22	Amines
	W	Dec 03			Synthesis
	F	Dec 05			Review
Final	M	Dec 08 (3–6 pm): Location to be determined			

Miscellaneous

Textbook: Brown & Foote, Organic Chemistry, 3rd Edition

Reading: Reading the textbook is highly recommended; a light survey of upcoming material, in addition to a thorough study of material just presented, is encouraged.

Homework: Regular undertaking of practice problems from the book will reinforce what you hear in the lectures – a good point for discussion with TAs and the Professor.

Quizzes: 10 min, total 20% of final grade, closed book, start at 10 am in class, **no make-up quizzes**.

Midterms: 50 min, total 40% of final grade, closed book, start at 10 am in class, **no make-up midterms**.

Final Exam: ~2 hrs, counts 40% of final grade, closed book, comprehensive (all topics discussed in class may be included in the final exam), **no make-up final exam**.

Grades: Grades will be based on the complete course. Good individual performance on the final exam, however, could enhance your final letter grade.

Regrades: Written requests only, and remember, your grade could go UP or DOWN.

Chem 30B
Organic Chemistry: Reactivity and Synthesis, Part I
Fall 2003

MWF – 10 AM – CS76

Instructor: Dr Stuart Cantrill (Young Hall 3077D); cantrill@chem.ucla.edu

Office Hours: MW 1–2 PM in 3077D YH, or by appointment, beginning Sept 29th

Virtual Office Hours: see <http://voh.chem.ucla.edu>

TAs:

Rob Ramirez (rramirez@chem.ucla.edu); office hours, T 1–3 PM
Cari Pentecost (cari@chem.ucla.edu); office hours, T 8–10 AM
Al Nelson (nelson@chem.ucla.edu); office hours, R 10–12 Noon
(All office hours in 3077F Young Hall)

Discussion Sections: Please be consistent as to which discussion sections you attend.
Quizzes and midterms will be returned to you by your TAs in discussion section.

Textbook: Brown & Foote, Organic Chemistry, 3rd Edition.

Reading: Reading the textbook is highly recommended; a light survey of upcoming material, in addition to a thorough study of material just presented, is encouraged.

Homework: Regular undertaking of practice problems from the book will reinforce what you hear in the lectures – a good point for discussion with TAs and the Professor.

Assessment: 3 Quizzes, 2 Midterms, and 1 Final: **All unexcused absences will count as zero.**

Quizzes: 10 min, total 20% of final grade, closed book, start at 10 am in class, **no make-up quizzes.**

Midterms: 50 min, total 40% of final grade, closed book, start at 10 am in class, **no make-up midterms.**

Final Exam ~2 hrs, counts 40% of final grade, closed book, comprehensive (all topics discussed in class may be included in the final exam), **no make-up final exam.**

Grades: Grades will be based on the complete course. Good individual performance on the final exam, however, could enhance your final letter grade.

Regrades: Written requests only (NOT e-mail), and remember, your grade could go UP or DOWN.
Any quiz or midterm answered in pencil rather than ink WILL NOT be considered for a regrade.
Note: Some exams will be photocopied before being returned to you after grading.
There will be NO regrades of the final exam.

Impacted! Chem 30B is an impacted class. The last day to drop this class is Friday of Week 2 (October 10th). For more details, see: <http://www.registrar.ucla.edu/soc/impact.htm>

Exam Policy: (i) You will not need a calculator for any of the quizzes, midterms, or indeed the final exam. Furthermore, the use of any other handheld electronic devices (cell phones, PDAs, etc.) during any of these examinations is strictly forbidden. Anyone seen using such an item during an exam will automatically receive a score of ZERO for that exam.
(ii) We have the right to ask for your ID at any time during any exam. We may choose to check all IDs in the room, or to spot-check some of them during the exam.
(iii) There should be nothing on your desk other than your exam script and the writing implements you need to complete it (and your ID if requested).
(iv) After you have been told to STOP writing, you must do this immediately, and pass your exam to the nearest aisle. If the instructor or TA see anyone writing after the instruction to stop, your exam will be marked as 'LATE' and points will be deducted.
